

Introducing TeeterLink™ - the FREE Back Pain Tracker and Inversion Guide App

Teeters users now have the ability to not only relieve back pain, but also inspire healthy choices for an active lifestyle with the FREE TeeterLink™ app!

Teeterlink™ is the ONLY program that allows Teeter users to customize their inversion experience, track pain levels and triggers, and make a plan for improvement! Compatible with all models of Teeter Inversion Tables and android/iPhone OS.

COMING SOON TeeterLink™ Tracker Add on!

Teeter users can enhance their inversion experience and maximize TeeterLink™ capabilities with the Teeterlink™ Tracker - a wireless angle gauge tracker for feedback and tracking.

The tracker syncs up to a mobile device for seamless integration with the Teeterlink™ app.

TeeterLink™ users will be able to...

Track use of the Teeter, including session length, frequency, and angle.

Track your pain levels (pre and post inversion) and triggers.

Set reminders/push notifications to use the Teeter.

Turn on optional voice prompts from Roger Teeter, offering guidance and tips to ensure the best experience.

Select from a playlist of relaxing tunes while inverting.

Explore the Discover feed, offering helpful product use tips and healthy lifestyle advice.

Gain easy access to product support, videos, and contact information.

Offer feedback, submit your own success story and join the Teeter community.
